

MELIK HERNANDEZ

MANAGING DIRECTOR, TRANSPORTATION & LOGISTICS

With more than 25 years of professional experience in the IT industry, today Melik leads the Transportation & Logistics vertical at Softtek globally.

With a background in engineering, he started his career in Softtek in Mexico City, delivering solutions as a developer. After four years he relocated to the US and has become a successful executive in business development, with a focus on the Telecom, OEM, Software and Entertainment & Media and Transportation industries. Melik possesses an entrepreneurial, process-oriented mindset that has allowed him to capture new business and develop new markets in the US, Latin America and Europe—helping to position Softtek as an industry leader in the outsourcing arena.

Melik currently resides in Dallas with his wife and three daughters.
