

## MAURO MATTIODA

MANAGING DIRECTOR UTILITIES, AGROINDUSTRY  
& SOUTH AMERICA MARKET

Mauro Mattioda leads Softtek Hispanic South America, in charge of operations in Argentina, Chile, Colombia, Peru and Venezuela. In 2019 he also took on the role as Managing Director for the Utilities and Agroindustry vertical globally across Softtek. He is characterized by being a diligent worker, always showing enthusiasm and self-determination. Passionate about the opportunities that are presented before him, Mauro commented, "I can't allow an opportunity to pass me by. Today I try to be more mature, controlling that passion that has helped me to open many doors."

Since his incorporation in 1997, he has always sought support of the office in Argentina and to transform it into a long-term project, with a strong local positioning and an incredible group of people. Regarding the decisive moments where Softtek had to design the future of the branch in Argentina, Mauro commented, "The crisis of 2001 converted that situation into a great opportunity, where competitors were displaced, and we became stronger. This is considered one of our biggest, most transcendent of achievements."
